Subject: Bayou Corne Stand Down

Greg,

I just got a call from LDEQ IC Terry Dedon. He said that we can stand down. Texas Brine has drilled into the cavern, and it looks as though everything is stable. I spoke to our crew out there right now (Keith and Richard), and they will complete the run that they are starting, and then pack up our stuff and demobilize. So as of this moment we are done. Terry asked that we stay "on standby" to return out there if the situation changes.

robert
